FOR IMMEDIATE RELEASE

PREFERRED FREEZER SERVICES RANKED 43rd IN NEW JERSEY'S TOP 100 PRIVATELY OWNED COMPANIES

Chatham, New Jersey (September 19, 2011) – NJBiz, one of New Jersey's weekly business magazines, has named Preferred Freezer Services (PFS) a recipient of this year's Top 100 Privately Owned Companies. The Top 100 award honors companies based on their sales growth, strength and success in New Jersey.

Preferred Freezer Services ranked 43rd this year climbing from their 50th position in 2010 and the 64th position recognized in 2009. The company's success continues to accelerate following the vision of John J. Galihier, CEO and President of PFS, by providing superior automated temperature-controlled storage facilities that enhance the needs of the cold supply chain industry.

Focusing on customer service, warehousing efficiencies and global construction, PFS is proud once again to be part of the Top 100 list and to be recognized as a top temperature-controlled storage and transportation company in New Jersey. "We are once again honored to be recognized by NJBiz as a top tier privately owned company. Our entire Preferred Freezer Services Team works hard to deliver superior service for our customers and as a result we are able to sustain growth even during these tough economic times," states Brian Beattie, Executive Vice President of Sales.

Within the last year the company has opened an automated facility in Houston, Texas and Shanghai, China with a second automated facility under construction in China. In addition, PFS is opening their second fully-automated facility in Elizabeth, New Jersey in November.
